Welcome to ComEd’s Net Metering Program!
Congratulations on your decision to utilize a renewable energy system for your energy supply needs! Your application for participation in ComEd’s Net Metering Program has been approved. Before ComEd can begin applying net metering service to your electric service account, we need you to review the terms and conditions for net metering under the rules and regulations set forth by the Illinois Commerce Commission and the net metering law and complete the election form below. On page 3 of this document, we’ve included a glossary of terms and useful web links to help with the review.

Please complete and sign this document and return it to ComEd via email, fax, or mail.

Email to: Netmetering@ComEd.com

Mail to: Commonwealth Edison Company
        Energy Efficiency Services - Net Metering
        Three Lincoln Center, 2nd Floor

Fax to: (630) 576-6353

ComEd is committed to the future of energy and to offering solutions that improve modern living. If you have any questions, please email NetMetering@ComEd.com or call 800-TALK-GEN (800) 825-5436.

NET METERING ELECTION FORM

CUSTOMER NAME (“Customer”) chooses to participate in Commonwealth Edison Company’s (“ComEd’s”) Net Metering Program, known as Rider POGNM - Parallel Operation of Retail Customer Generating Facilities with Net Metering (“Rider POGNM”).

Customer occupies the premises where net metering will occur, located at (street address):

ACCOUNT ADDRESS (“Premises”)

Customer’s electricity supplier is:

ENERGY SUPPLIER NAME

NOTE: Customers have the option to choose an electricity supplier. If the Customer is switched to a different electricity supplier from the one named above while participating in Rider POGNM, this election form becomes null and void. Any accumulated kilowatt-hour (“kWh”) credits expire. The Customer is encouraged to participate in Rider POGNM with the new supplier, but must initiate an application with that new electricity supplier to participate in its net metering program. After the new electricity supplier notifies ComEd of the Customer’s participation in its net metering program, ComEd will contact the Customer to prepare a new election form that identifies the new electric supplier.
1. **Customer Representations**
The Customer hereby represents and warrants to ComEd that:

a) The Customer is currently a customer of ComEd and is located in ComEd’s service territory.
b) The Customer owns and operates one or more electric generators located on the Customer’s Premises.
c) The Customer’s generator(s) can be classified as an “eligible renewable electrical generating facility” as defined in 83 Illinois Administrative Code Part 465 – Net Metering.
d) Total nameplate generating capability of the Customers’ generator(s) does not exceed 2,000 kilowatts (“kW”).
e) Total Customer’s nameplate generating capability is **X.X kW**.

**NOTE:** "Eligible renewable electrical generating facility" means a generator or generators with a total rated capacity of not more than 2,000 kW powered by solar electric energy, wind, dedicated crops grown for electricity generation, agricultural residues, untreated wood waste and unadulterated wood waste, landscape trimmings, livestock manure, anaerobic digestion of livestock waste or anaerobic digestion of food processing waste, fuel cells powered by renewable fuels or microturbines powered by renewable fuels, or hydroelectric energy. (83 Illinois Administrative Code Part 465 – Net Metering)

2. **Conditions**
ComEd has no obligation to provide kWh credits or monetary credits (i.e., payments) to the Customer under Rider POGNM until:

a) The Customer has an approved Net Metering Application and has completed, signed, and returned this Net Metering Election Form to ComEd.
b) ComEd has received and approved an Interconnection Application from the Customer and has entered into an Interconnection Agreement with the Customer.
c) The Customer’s generator(s) have been inspected and tested to ComEd’s satisfaction.
d) ComEd has installed an appropriate metering system in accordance with its normal practices and procedures in order to measure the net and/or gross amounts, as applicable, of electricity delivered by ComEd and supplied by the electricity supplier to the Customer.

3. **Annual Period Election**
The Customer participating under Rider POGNM must select an Annual Period. An Annual Period is defined as twelve (12) consecutive monthly billing periods that expire at the end of either the Customer’s April monthly billing period, or October monthly billing period, as elected by the Customer.

Please select your Annual Period:

_____ April Billing Period       _____ October Billing Period

**NOTE:** The Annual Period automatically renews at the expiration of the previous Annual Period. To terminate participation in Rider POGNM, the Customer must notify ComEd in writing at least thirty (30) calendar days prior to the expiration of the Annual Period that the Customer is terminating participation at the end of the Annual Period. Notwithstanding the previous provisions of this section, the initial Annual Period begins when the Customer commences service under Rider POGNM and may include fewer than twelve (12) consecutive monthly billing periods.
Customer Acceptance:

Print Name (and Title if applicable)

Signature
