

DANNY

UCP SEGUIN OF GREATER CHICAGO

Danny Temponeras is a participant at UCP Seguin, he graduated from Morton West High School and currently does work at the Mooney's Car Wash operated by UCP Seguin to build his talents. He has been an asset to the organization and loves technology. He is fascinated by the inner working of things especially electronics and cars. He says he loves to work around people. He is forward thinking and has excellent verbal communication skills and takes instructions well. He enjoys the phrase, "Work Smarter not harder" and uses his iPhone Siri frequently for tasks. To his credit, he built his own computer from used parts from other computers. He says his computer has "no name" because it is a combination of various components from different manufacturers. Because of his curiosity, he likes to use the internet to find how things work and therefore says "YouTube teaches me how to take things apart and put them together".
