### **Zero Emission Credits**

Section 16-127 of the Public Utilities Act calls for a chart that graphically depicts the quantity of zero emission credits from zero emission facilities procured under Section 1-75 of the Illinois Power Agency Act as a percentage of the actual load of retail customers within its service area, after May 31, 2017. As of December 31, 2017, no zero emission credits have been procured.

The PJM system mix data is from PJM Environmental Information Services, Inc. ([www.pjm-eis.com](http://www.pjm-eis.com)).

<sup>2</sup> Nuclear Waste rates were calculated based on net generation and quantities of waste at the operating nuclear stations within the ComEd Zone.
