1 These figures constitute the aggregation of information provided by ComEd’s wholesale energy suppliers, all of whom have indicated that their source is the “PJM system mix”. The PJM system mix data is from PJM Environmental Information Services, Inc. (www.pjm-eis.com).

2 Nuclear Waste rates were calculated based on net generation and quantities of waste at the operating nuclear stations within the ComEd Zone.

3 This report reflects a partial year of CMC deliveries. CMC deliveries began in July 2022.

4 Commonwealth Edison Company procures RECs, ZECs and CMCs on behalf of the actual deliveries to retail customers within its service territory. Therefore, RECs procured as a percentage of Total Eligible Sales is the same as RECs procured as a percentage of Total Retail Sales.
