

## STANDARD AND CUSTOM ADDITIONAL PROJECT INCENTIVES

January 1, 2020 through December 31, 2020

Looking for smart ways to improve your facility and save on operating costs? ComEd offers incentives for upgrading lighting, heating, ventilation and air conditioning (HVAC) equipment, energy management systems, refrigeration and more. Now, ComEd offers additional project incentives\* that can help your organization **save even more** on upgrades.

### COMPREHENSIVE ENERGY SAVINGS

- 20 percent incentive for completing three or more qualifying energy efficiency projects within two years
- **January 1 through December 31, 2020**
- Customers receive an incentive payment after each final project; they receive the 20 percent incentive payment once they've completed at least three projects within two years
- Custom projects are eligible
- Review the comprehensive energy savings worksheet for project options

### MADE IN ILLINOIS

- 10 percent incentive for installing equipment that is at least 50 percent manufactured or assembled in Illinois
- **January 1 through December 31, 2020**
- Manufacturer affidavit letters (emails) are required for verification
- Streetlight projects are not eligible for this bonus

*\* Additional project incentives can be combined. The 75 percent project cost cap applies toward standard project incentives; the 100 percent project cost cap applies to custom project incentives. Additional project incentives do not count toward the cap but cannot exceed 100 percent of the total project cost.*
