

# Made in Illinois Incentive

**Install products manufactured or assembled in Illinois and receive a 10 percent incentive.**

ComEd customers can support Illinois businesses by using products made in Illinois in their energy efficiency project.

## HOW TO PARTICIPATE

Customers who install Illinois-manufactured products in their facilities will qualify for a 10 percent incentive on each eligible standard measure installed (custom and streetlight measures are not eligible).

- » Equipment must be at least 50 percent manufactured and/or assembled in Illinois (exclusive of packaging and installation); product installation is not considered “assembly.”
- » An affidavit from the manufacturer of each product is required. It must attest that the equipment meets the criteria (affidavits are available from participating manufacturers). The Building Clean database is a free resource to locate products manufactured in Illinois that may qualify for incentives. Visit [BuildingClean.org](http://BuildingClean.org) to find companies to contact for an affidavit.

## HOW TO APPLY

To receive the 10 percent additional project incentive in addition to standard incentives:

- » Download and complete the standard application and applicable incentive worksheets from [ComEd.com/Applications](http://ComEd.com/Applications)
- » Obtain manufacturer affidavits for each eligible product
- » [Apply online](#) or email your pre-application documents and affidavit(s) to [BusinessEE@ComEd.com](mailto:BusinessEE@ComEd.com)
- » After you receive a project reservation, install your equipment and complete your project
- » Submit your final application
- » The incentive payment will be sent to you after your project is reviewed and approved
