DIRECTIONS: Please save a copy of this form to your computer by selecting “File/Save As” before entering text and numbers. Then fill in your information electronically and select “Save.” Note that this form requires Adobe Reader® version 11.0 to function properly. Download the most recent version of Adobe Acrobat Reader DC® at <https://get.adobe.com/reader/>.

Pre-application is required; review instructions on the standard incentives application form. Wait for a reservation letter before starting your project.

Heat Pump Water Heater (Electric Only)

\$250 per heater

New or replacement heat pump water heater with a nominal input of 12 kW (40,956 Btu/h) or less, with a rated storage volume from 20 to 120 gallons.

Number of Heaters

Specifications and Eligible Equipment:

1. Must have energy factor ≥ 2.2 and first hour rating (FHR) ≥ 55 gallons per hour.
2. Add-on heat pump water heaters are also eligible.
3. Electric water heaters outside of this range and tankless water heaters may qualify for custom incentives.

Electric Water Heater Timer

\$20 per timer

Installation of a schedulable timer on a new or existing electric water heater.

Number of Timers

Specifications and Eligible Equipment:

1. The timer must shut down the water heater at least 14 hours per week.
2. The water heater must be electric and at least 60 gallons.

Incentive Subtotal

Reach-In (Novelty) Cooler and Beverage Machine Controls

Specifications and Eligible Equipment:

1. Controls must include a passive infrared occupancy sensor to turn off lights and other vending machine systems when the surrounding area is unoccupied for 15 minutes or longer.
2. The control logic should power up the machine at two-hour intervals to maintain product temperature and provide compressor protection.
3. This measure does not apply to ENERGY STAR-qualified vending machines.

Reach-in (Novelty) Cooler Controls

\$40 per cooler

Installation of new controls on a new or existing glass-front refrigerated cooler.

Number of Coolers

Beverage Machine Controls

\$100 per machine

Installation of new controls on a new or existing refrigerated beverage vending machine that contains only non-perishable bottled and canned beverages.

Number of Machines

ENERGY STAR Refurbished Vending Machine

\$50 per machine

Installation of ENERGY STAR Tier II refurbishment kit.

Specifications and Eligible Equipment:

1. Refurbishment kit must retrofit existing machine to meet the ENERGY STAR program requirements of Refrigerated Beverage Vending Machines Eligibility Criteria Version 4.

Number of Machines

Incentive Subtotal

ENERGY STAR Commercial Clothes Washers

Specifications and Eligible Equipment:

1. If replacing, existing washer must have an MEF of < 2.2 (ft³/kWh/cycle).
2. New and replacement washer must meet ENERGY STAR criteria and must have a MEF of ≥ 2.2 (ft³/kWh/cycle).
3. Commercial clothes dryers are not eligible for this incentive.
4. Please check one of the following combinations for the washer water supply and clothes dryer fuel supply*:
 - Electric hot water heater, electric dryer
 - Electric hot water heater, gas dryer
 - Gas hot water heater, electric dryer

* Gas hot water heaters in conjunction with gas dryers are not eligible for incentives.

ENERGY STAR Commercial Clothes Washers – Front Loaded

\$20 per washer

New or replacement ENERGY STAR front loaded electric commercial clothes washer.

Number of Washers

ENERGY STAR Commercial Clothes Washers – Top Loaded

\$50 per washer

New or replacement ENERGY STAR top loaded electric commercial clothes washer.

Number of Washers

Incentive Subtotal

Grand Total Incentive Requested

Incentive cannot exceed 100% of the incremental measure cost and 100% of the total project cost and must meet all program terms and conditions.
